

Workshop on "Green Ammonia for Fertilizer Manufacturers"

Wednesday, September 27, 2023 (In Person event)

Venue: 3rd Floor Conference Room, Ministry of New and Renewable Energy, Atal Akshaya Urja Bhawan, New Delhi

10:00 - 10:05 (5 mins) Welcome Remarks - Ms. Monali Zeya-Hazra, Regional Energy & Clean Energy Specialist and Mission Environment Officer, Indo Pacific Office, USAID/India	Time/ duration	Session
and Mission Environment Officer, Indo Pacific Office, USAID/India 10:10 – 10:10 (5 mins) Keynote Address – Mr. Ajay Yadav. Joint Secretary MNRE 10:10 – 10:15 (5 mins) Special Address - Mr. Bhaskar Rajah, Senior Energy Adviser, Indo Pacific Office, USAID/India Why Green Ammonia discussion is relevant to fertilizer manufacturers. (Presenter: Mr. Vivek Bhardwaj, USAID-SAREP) Importance of fertilizers in National Hydrogen Mission. Concept of Green Ammonia. Supply chain for Green Hydrogen / Ammonia in fertilizer manufacturing. Policy & Economics for promoting Green Ammonia. (Presenter: Dr. Sachchida Nand, Adviser Fertilizer Association of India Challenges and Opportunities. Existing supply chain. Changing trends in fertilizer type Fluctuation of price of black ammonia and its impact on profitability to fertilizer manufacturer. 11:15 – 11:30 (15 mins) Tea/Coffee break 11:30 – 12:00 (30 mins) Case Study Green Ammonia plants: 50TPD and 100TPD (Presenter: Dr. M. R. Panda, NTPC GM (RE)) Introduction to the study Technology advancements Key commercial learning. Levelized cost of Green Ammonia (LCOA) Q&A 12:00 – 1:30 (90 mins) Round table Discussion (Moderated by Mr. Sumedh Agarwal – Deputy Chief of Party USAID SAREP; Participants Fertilizer Manufacturers, Open to All) Challenges and opportunities by participating fertilizer manufacturers, financial organization and other institutions. Way forward by MNRE Vote of Thanks Lunch break	09:30 - 10:00	Registration
10:10 - 10:15 (5 mins) Special Address - Mr. Bhaskar Rajah, Senior Energy Adviser, Indo Pacific Office, USAID/India 10:15 - 10:45 (30 mins) Why Green Ammonia discussion is relevant to fertilizer manufacturers. (Presenter: Mr. Vivek Bhardwaj, USAID-SAREP) Importance of fertilizers in National Hydrogen Mission. Concept of Green Ammonia. Supply chain for Green Hydrogen / Ammonia in fertilizer manufacturing. Policy & Economics for promoting Green Ammonia.	10:00 – 10:05 (5 mins)	
USAID/India 10:15 – 10:45 (30 mins) Why Green Ammonia discussion is relevant to fertilizer manufacturers. (Presenter: Mr. Vivek Bhardwaj, USAID-SAREP) Importance of fertilizers in National Hydrogen Mission. Concept of Green Ammonia. Supply chain for Green Hydrogen / Ammonia in fertilizer manufacturing. Policy & Economics for promoting Green Ammonia. Pertilizer industry perspective on Green Ammonia (Presenter: Dr. Sachchida Nand, Adviser Fertilizer Association of India Challenges and Opportunities. Existing supply chain. Changing trends in fertilizer type Fluctuation of price of black ammonia and its impact on profitability to fertilizer manufacturer. 11:15 – 11:30 (15 mins) Tea/Coffee break Case Study Green Ammonia plants: 50TPD and 100TPD (Presenter: Dr. M. R. Panda, NTPC GM (RE)) Introduction to the study Technology advancements Key commercial learning. Levelized cost of Green Ammonia (LCOA) Q&A Round table Discussion (Moderated by Mr. Sumedh Agarwal — Deputy Chief of Party USAID SAREP; Participants Fertilizer Manufacturers, Open to All) Challenges and opportunities by participating fertilizer manufacturers, financial organization and other institutions. Way forward by MNRE Vote of Thanks Lunch break	10:05 - 10:10 (5 mins)	Keynote Address - Mr. Ajay Yadav, Joint Secretary MNRE
(30 mins) (Presenter: Mr. Vivek Bhardwaj, USAID-SAREP) Importance of fertilizers in National Hydrogen Mission. Concept of Green Ammonia. Supply chain for Green Hydrogen / Ammonia in fertilizer manufacturing. Policy & Economics for promoting Green Ammonia. (Presenter: Dr. Sachchida Nand, Adviser Fertilizer Association of India Challenges and Opportunities. Existing supply chain. Changing trends in fertilizer type Fluctuation of price of black ammonia and its impact on profitability to fertilizer manufacturer.
