Eligibility Criteria:

- 1. Since this is a USAID funded project, therefore as per USAID ADS 310, only firms that belong to Geographic Code 937 country can receive a USAID funded subcontract from RTI. Geographic code 937 is defined as the United States, the cooperating country/recipient country (India in this case), and developing countries other than advanced developing countries, and excluding prohibited sources. For more information on this, please refer to https://www.usaid.gov/sites/default/files/2022-12/310.pdf. The list of developing nations is provided at https://www.usaid.gov/sites/default/files/2022-05/310maa.pdf. Please note that the Geographic Code 937 restriction flows down to lower tier subcontractors as well.
- Government entities/undertakings/PSUs and quasi-Government/para-statal entities are not eligible to participate in the bidding and receive a USAID funded sub-contract or a lower tier subcontract.

RTI International is a trade name of Research Triangle Institute. RTI and the RTI logo are U.S. registered trademarks of Research Triangle Institute.

3. All Bidders must have a valid Unique Entity ID (UEI number) from System for Award Management (SAM) (in lieu of the now defunct DUNS number). The UEI number must be indicated in their bid on the cover letter. If you already have an active or inactive registration in www.SAM.gov today, you've already been assigned a Unique Entity ID. It's viewable on your entity registration record in www.SAM.gov. For those who don't, a quick start guide to obtaining a SAM UEI number as Attachment "C" for reference. Please use the guide for only obtaining the UEI number instead of full SAM registration

Attachment A Commodity Specifications or Statement of Work

Statement of Work

Description of Activity/Service:

INTRODUCTION

RTI International is an independent, nonprofit research institute dedicated to improving the human condition. Clients rely on us to answer questions that demand an objective and multidisciplinary approach—one that integrates expertise across the social and laboratory sciences, engineering, and international development. We believe in the promise of science, and we are inspired every day to deliver on that promise for the good of people, communities, and businesses around the world.

RTI International has been working in Asia for more than 35 years, providing technical assistance, institutional strengthening, and program support on behalf of governments, foundations, and private-sector clients. Together with our local partners, we deliver science- based solutions and advisory and technical services to help countries across South and Southeast Asia achieve national, regional, and local goals—in health, education, economic growth, governance and public policy, and environmental management. RTI is implementing 19 projects in the Asia region with its offices located in India, Indonesia, Thailand, Cambodia, Philippines, Laos, Nepal, and Papua New Guinea.

RTI International is the implementing contractor for a five (5) year USAID project called the USAID South Asia Regional Energy Partnership (SAREP). SAREP will serve as a linchpin of the Asia Enhancing Development and Growth through Energy (EDGE) initiative. To achieve USAID's goal of improving access to affordable, secure, reliable and sustainable energy, SAREP will address two distinct, yet mutually dependent objectives: a. Enabling six countries – Bangladesh, Bhutan, India, Maldives, Nepal and Sri Lanka—to build systems and processes in line with their respective economic and energy security priorities, and b. Facilitating collaboration among these six countries in a regional energy market that will accelerate economic development, self- reliance, livelihoods, health, and productivity throughout the region.

SAREP's objectives are as follows:

- Workstream 1: Regional Energy Hub
- Workstream 2: Technical Services
 - o Objective 1: Enhanced regional energy markets and integration
 - Objective 2: Increased development of advanced energy
 - o Objective 3: High-performing modern utilities.
 - Objective 4: Transparent, best-value procurement and Private Sector Investment

SAREP, with its focus on accelerating the clean-energy transition, enhancing private sector participation and advancing transparent procurement and market-based instruments, seeks to facilitate the financing of clean energy in South Asia. It is imperative that suitable financing instruments, efficient procurement mechanisms, and conducive policy and regulatory frameworks are in place to allow private investors to enter the energy sector and fund its expansion. Under its Objective 4, SAREP is working with its partners in the following areas:

- 1. Finance strategies to enable decarbonization/RE development
- 2. Facilitating use of new and innovative financing instruments and capacity development
- 3. Technical assistance to mobilize private investment through PPPs
- 4. Best-value procurement and enhancing bankability of clean-energy projects

Further, in order to deliver superior quality deliverables to USAID and Indian partners, SAREP proposes to engage a firm with relevant experience for the same.

I. Scope of Work

SAREP shall be providing assistance to Power Finance Corporation (PFC) in areas pertaining to training and capacity building in the ESG domain, to PFC's stakeholders which shall include its employees, board of directors and borrowers. The scope involves delivering ESG capacity building and training programs for enhancing general ESG awareness of their employees as well as sensitizing the relevant stakeholders in specific areas. The selected firm/bidder would also be responsible for collecting feedback from training participants and sharing with SAREP, as well as preparation of quarterly training reports.

The capacity building shall be undertaken for the stakeholders listed below. It may be noted that the number of trainings is indicative and has been included solely for the purpose of evaluating the financial proposals. Number of trainings that are actually delivered may be higher or lower more than the indicative number. The firms are required to quote separate fees for each type of training and payments shall be made based on the type of stakeholder training conducted.

1. Category 1 - Board of Directors

3. Category 3 - Employees

- Classroom based interactive training sessions at Delhi, for 500 employees with options for participants to join online.
- To cover ESG fundamentals, three pillars of ESG, introduction to climate change, ethical corporate behaviour, diversity and inclusion, supporting company's sustainability and ESG targets
- Indicative number of trainings in the contract period 2

4. Category 4 - Department specific

- Focused trainings delivered in classroom based interactive sessions at Delhi, with options for participants to join online
- To cover best practices in ESG domain for each function, regulatory landscape, ESG reporting frameworks and voluntary disclosures, parameters in each function, data collection and reporting strategies for ESG reporting
- Indicative number of trainings in the contract period 5, 1 for each department
- Indicative departments and focus areas
 - o HR Diversity and Inclusion, Equity
 - o Vigilance ESG governance
 - IT Data privacy and security
 - o Projects incorporation of environmental and ESG in appraisal process
 - o Admin sustainable procurement, maintenance and office services for reducing emissions

The firm would also have to attend any client meetings/discussions whenever required, and incorporate feedback received from PFC and USAID in the training material.

Firms would have to follow USAID branding guidelines in preparing and delivering training content, and only USAID branding would reflect in the training collaterals.

Firms with relevant experience are invited to participate in the request for proposal (RFP) issued by SAREP and task order will be awarded to the successful competent firm. The selected consultancy firm shall provide all requisite support and provide assistance in undertaking the activities mentioned in the scope of work.

- **II. Reporting:** The consultant will report to SAREP.
- **III. Schedule:** The trainings are expected to commence in October 2024. These tentative assignment dates are provided solely for information purposes and the benefit of bidders. Modification of these assignment dates will not constitute a change in scope.

IV. Deliverables and Timelines

The total duration of this assignment is 12 months from the date of signing of contract. The consultant should be able to quickly start the project. The following deliverables are expected as part of the assignment.

Instructions to Bidders/Sellers

- 1. **Procurement Narrative Description**: The Buyer (RTI) intends to purchase commodities and/or services identified in Attachment A. The Buyer intends to purchase the quantities (for commodities) and/or services (based on deliverables identified in a Statement of Work). The term of the Ordering Agreement shall be from Award Date to the Delivery date of the Offeror unless extended by mutual agreement of the parties. The Buyer intends to award to a single "approved' supplier based on conformance to the listed specifications, the ability to service this contract, and selling price. We reserve the right to award to more than one bidder. If an Ordering Agreement is established as a result of this RFQ, supplier understands that quantities indicated in the specifications (Attachment A) are an estimate only and RTI does not guarantee the purchase quantity of any item listed.
- 2. **Procuring Activity**: This procurement will be made by **Research Triangle Institute (RTI International)**, located at

3040 Cornwallis Road

Research Triangle Park, NC 27709

(insert full address of the office)

who has a purchase requirement in support of a project funded by

United States Agency for International Development (USAID)

(insert client's name)

RTI shall award the initial quantities and/or services and any option quantities (if exercised by RTI) to Seller by a properly executed Purchase Order as set forth within the terms of this properly executed agreement.

- 3. **Proposal Requirements**. All Sellers will submit a quote/proposal which contains offers for all items and options included in this RFQ. All information presented in the Sellers quote/proposal will be considered during RTI's evaluation. Failure to submit the information required in this RFQ may result in Seller's offer being deemed non-responsive. Sellers are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach RTI's office designated in the RFQ by the time and date specified in the RFQ. Any offer, modification, revision, or withdrawal of an offer received at the RTI office designated in the RFQ after the exact time specified for receipt of offers is "late" and may not be considered at the discretion of the RTI Procurement Officer. The Seller's proposal shall include the following:
 - (a) The solicitation number:
 - (b) The date and time submitted:
 - (c) The name, address, and telephone number of the seller (bidder) and authorized signature of same:

Quick Start Guide for Getting a Unique Entity ID

SAM.gov is an official website of the United States government. There is **no** charge to register or maintain your entity registration in SAM.gov.

You can get a Unique Entity ID for your organization without having to complete an entity registration. If you only conduct certain types of transactions, such as reporting as a subawardee, you may not need to complete an entity registration. Your entity may only need a Unique Entity ID. Learn more about the difference between getting a Unique Entity ID only and registering your entity.

If your entity is registered in SAM.gov, you already have a Unique Entity ID

If you have an active or inactive registration in SAM.gov today, you've already been assigned a Unique Entity ID. It's available on your entity registration record in SAM.gov. <u>Learn how to view your Unique Entity ID</u>.

If your entity is not registered in SAM.gov and you only want a Unique Entity ID

If you want only to get a Unique Entity ID and do not want to complete an entity registration in SAM.gov, follow these steps:

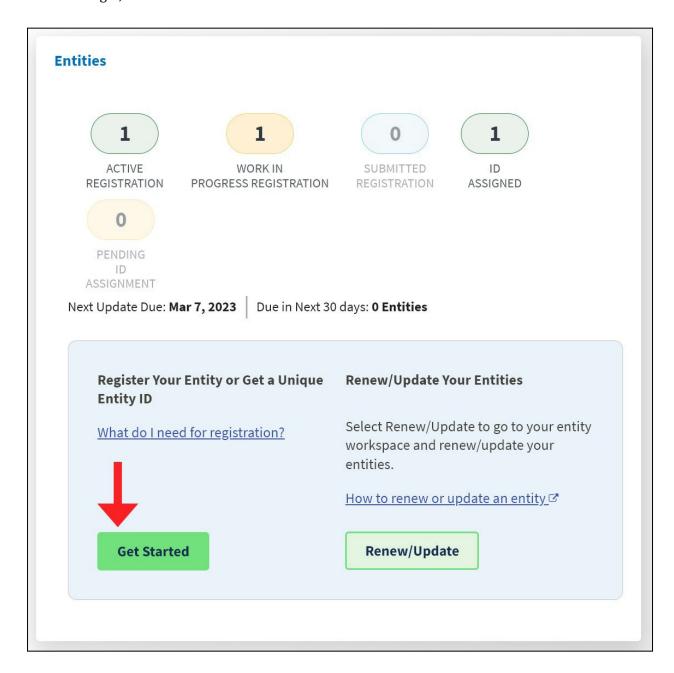

1. Go to SAM.gov and select "Sign In" from the upper right corner of the page. If you do not have a SAM.gov account, you must create one. SAM.gov uses Login.gov for usernames and passwords. <u>View more help with using Login.gov</u>. Once you create your user account, return to SAM.gov to complete your profile.

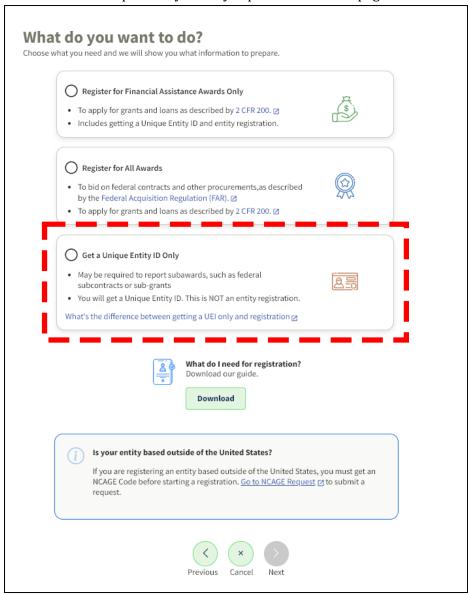

2. After you sign in, the system will navigate you to your Workspace. On the "Entities" widget, select the "Get Started" button.

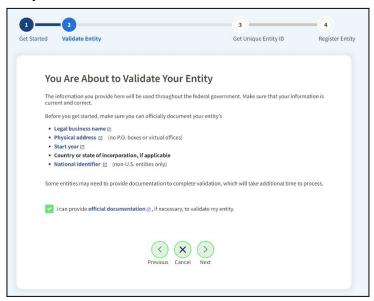

3. Select the "Get Unique Entity ID only" option on the next page.

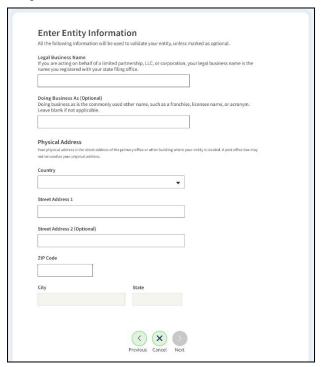

4. Next, the "You Are About to Validate Your Entity" page displays. It lists the information used to validate your entity. You may need to submit documents later in the process to complete validation. Select the checkbox and then select "Next."

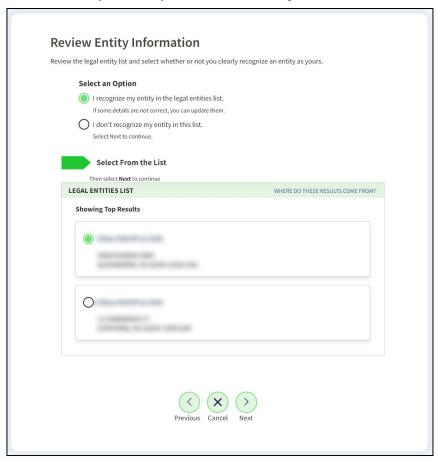

5. On the next page, enter your entity's legal business name, doing business as name (if applicable), and physical address, then select "Next." All fields are required, unless marked as optional.

- 6. Your entity name and address will be <u>validated</u> by the SAM.gov entity validation service (EVS). The EVS independently verifies the uniqueness of an entity.
 - a. If the EVS has your entity information or has entities with similar information, the next page will show a list of entities.
 - i. If your entity information is shown in the list, select "I recognize my entity in the legal entities list. If some details are not correct, you can update them." Then select the entity from the list, then select "Next."
 - 1. You should select this option if all entity details are correct or if a few details are missing or incorrect. For example, your legal business name is shown, but LLC or Corp is missing, or an old address for your entity is shown. Go to step 7.

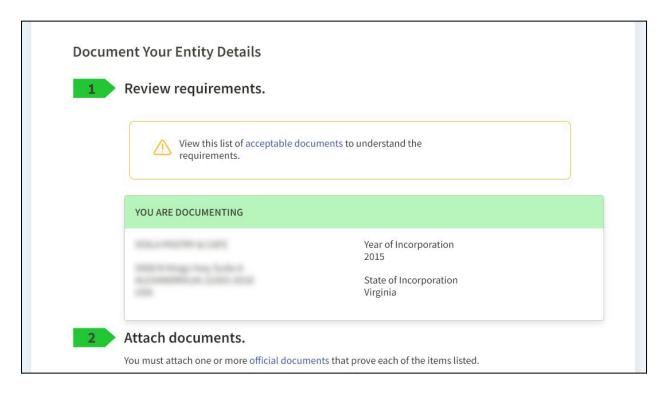

- b. If your entity is not listed, select "I don't recognize my entity in this list." then select "Next." Go to step 8.
- c. If the EVS does not have any entities that resemble your information, the next page will ask for your start year and state of incorporation. (You won't see a list of entities at all.) Go to step 9.

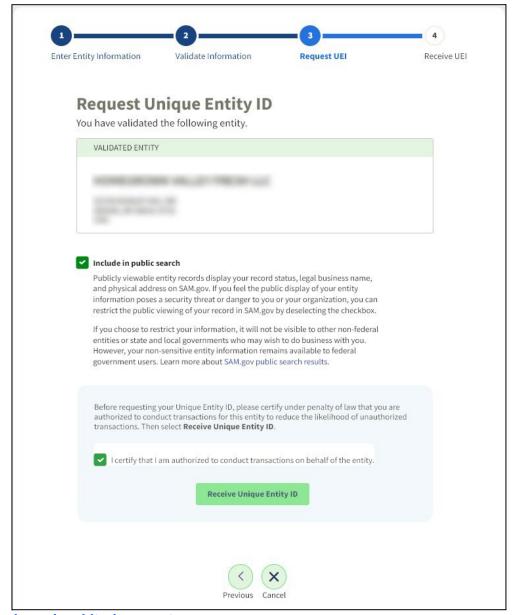

- 7. If you choose "I recognize my entity in the legal entities list," the next page will ask you to confirm your entity details. If some information is missing or incorrect, select "No." If all information is complete and correct, select "Yes" and go to step 11.
 - a. Then, the next page will allow you to update information that needs to be corrected.
 - b. Once corrected, the next page will ask for your entity's start year and state of incorporation.
- 8. If you choose "I don't recognize my entity in this list," the next page will ask for your entity's start year and state of incorporation.
- 9. Enter your start year and state of incorporation, then select "Next."
 - a. Start year could be your year of incorporation, your "established date," the year you legally began doing business, or you received your employer identification number (EIN). If your entity is incorporated, use your year of incorporation.
 - b. State of incorporation could be where you incorporated your organization, filed your certificate or articles of formation, or where the organization is located, if not incorporated.
- 10. If your entity information was not shown in the entity list or if information needs to be updated, you must submit documentation to prove your information. If this is the case for your entity, you will be navigated to a page where the required information will be listed, and you can upload documents. Check your documents against the list to ensure they are acceptable and to avoid unnecessary delays due to unacceptable documents. Once you submit your documents, you will get a reference ID number and you will have to wait until the EVS has entered or updated your validation data before you can proceed.

11. For entities that did not need to update entity information, or for those who have passed entity validation with the EVS, on the next page you will choose whether to allow your entity record to be publicly displayed in SAM.gov. Note that if you deselect this box and restrict the public display of your entity, only you and federal government users will be able to search and view your entity record on SAM.gov. However, your non-sensitive entity information remains available to federal government users and is available

through public data services.

- 12. You must certify under penalty of law that you are authorized to conduct transactions for the entity. Then, select "Receive Unique Entity ID."
- 13. The next page will display your Unique Entity ID. If the entity already has a registration or a Unique Entity ID, you will see informational alerts at the top of the page with more details. You can begin to use the Unique Entity ID for your entity right away. Select "Go to Workspace" to exit.
